

**"Success in the Sixth Form" Evening - Thursday 6th October 6.30pm.**

Dear Parents/Carers of Year 12 Students,

The world is an increasingly competitive one and our experience strongly suggests that sixth form students who fully understand the key elements required for successful A Level study cope better with the challenges of sixth form and are able to secure good university or quality apprenticeship and employment places at the end of their courses.

The purpose of this evening is to provide you with information and advice that will help you to successfully support your son/daughter through their A and AS examinations and coursework. There will also be some guidance on the opportunities available to develop social, personal, and employability skills that are so important in developing the 'rounded students' universities and employers are seeking.

The Sixth Form Team will also be available from 7.30 pm for individual discussions with parents as required.

Please complete the attached reply slip and return to Clare Fahy in the Sixth Form Office.

We look forward to seeing you on the 6th October.

With every good wish,

Yours sincerely

**Mr S Downey**  
**Director of Sixth Form**  
**Assistant Headteacher**

**Miss R Silkstone**  
**Head of Year 12**
